

his role as that of a brand ambassador. "A brand ambassador promotes a brand. People will come to India and tourist flow will increase only if the brand ambassador of 'Incredible India' promotes the country as 'incredible'," Kant told reporters on the sidelines of a convocation here on Monday.

"But if the brand ambassador says India is intolerant, he surely is not working as brand ambassador," Kant said.

"The brand ambassador must be the best brand ambassador for promoting and marketing India, he cannot be the destroyer of the brand," he said while replying to a query on removal of Khan from the campaign, without taking the actor's name.

Khan had late last year stirred a controversy after he expressed "alarm and despondency" over rising instances of intolerance in the country in the past few months and said

that his wife (Kiran Rao) even asked if they should move out of India as she feared for the safety of their children.

Kant, who was involved in conceptualising Incredible India campaign in 2002 in his capacity as joint secretary, Ministry of Tourism, today tweeted, "Being a Brand Ambassador imposes responsibilities. U can't run down what u're promoting. That's damaging d brand."

Khan actively promoted Indian tourism for a decade as the brand ambassador.

Union Tourism Minister Mahesh Sharma had said Aamir had a contract with advertising firm McCann Erickson and not the government for the campaign.

"Since the contract with the agency is no more, automatically the arrangement with the actor no longer exists," Sharma had said.

Govt identifies 104 NH stretches to raise 1 lakh cr

VIJAY C ROY
New Delhi, 19 January

The highways ministry has identified 104 toll roads for monetisation. The government plans to earn ₹80,000-1,00,000 crore over a period of 20-25 years from monetisation of these completed public funded national highway (NH) projects.

The ministry intends to give out these projects to private companies in toll-operate-transfer mode. The private companies entrusted for the purpose will collect toll as well as will be responsible for the maintenance of the stretch for which they are collecting toll. Currently, the overall receipts of the ministry is ₹6,500 crore through toll a year. For the government, the proceeds from such monetisation will be used for new roads as well maintenance of national highways.

"We have identified 104 public-funded national highways and are planning to auction them to private parties for collection of toll and

maintenance for 20-25 years. We expect to earn ₹80,000-1,00,000 crore over 25 years," said a senior official in the National Highways Authority of India (NHAI).

The stretches to be auctioned will be finalised once the proposal is approved by the government. Toll will be collected by the selected concessionaire, according to provisions of the National Highways Fee (Determination of Rates and Collection) Rules, 2008.
